# maximise productivity and efficiency

From low profile to horizontal and 360° bi-optic scanning, we have the checkout solution for you

## FX110 / FX115 & FX120 / FX125

weight-only & price computing

- Modular, free standing or flush mounted into a counter, the FX110/FX115 with its 50mm profile and the FX120/FX125 at 87mm are easy to integrate and optimise available space.
- Suitable for checkout, pre-pack and check-weighing applications.
- Available in 15kg x 5g.
- A choice of protocols for easy integration with ECR/EPoS systems.
- Column mounted weight only or price computing displays.
- Low power consumption.

FX110/FX115

FX120/FX125

## FX130 / FX135

horizontal scanner scales

- Designed for easy integration with horizontal scanners.
- Compatible with the market leading scanners from Datalogic Magellan 2300 series, NCR RealScan™ 83, Metrologic MS7600 and Symbol LS5700/5800.
- Ideal for flush-mounted fitting into a counter with a profile of 123mm.
- Robust, with an EAS compliant weigh pan and sapphire glass scanner window for durability.

## FX131 / FX136

bi-optic 360° scanner scales

- A low profile scale kit compatible with the Datalogic Magellan 8300 & 8400.
- Easy to integrate and available as a scale kit only or a complete scanner scale.
- RS232 or USB scale interface and a range of protocols including OPOS & JPOS for easy integration with ECR/EPoS.
- Column-mounted weight only or price computing displays.

## FX132 / FX137

bi-optic 360° scanner scales

- A low profile scale kit compatible with the NCR RealScan™ 740FX.
- Easy to integrate and available as a scale kit only or a complete scanner scale.
- Low power consumption - the scale can be powered separately or from the scanner.
- RS232 or USB scale interface and a range of protocols including OPOS & JPOS for easy integration with ECR/EPoS.
- Column-mounted weight only or price computing displays.
- The NCR RealScan™ 740FX scanner incorporates NCR's optical effects technology, which drives more scan lines at greater lengths to improve scan coverage and bar code read rates.
- The scanner can be powered by the EPoS / ECR, reducing cables and power consumption.
- Designed for ease of use, the NCR RealScan™ 740FX has 5 LEDs to let the cashier know when it is ready for use and, when scanning is successful. It also offers audio feedback to assist in fault diagnosis.

## MS2320 / MS2420

bi-optic 360° scanner scales

- The Metrologic MS2320 and MS2420 scanner scales are integrated with Avery Berkel weighing technology.
- Long (508mm) and compact (399mm) variants available.
- High performance 6 and 5 sided scanning.
- Low profile.
